ABOUT EDCEA

25 Silver Jubilee Year

Erode District Civil Engineers Association (EDCEA)

Strength in Unity Progress through Knowledge The Erode District Civil Engineers Association (EDCEA) founded in the year 2000 stands as a proud and dynamic platform uniting civil engineers across Erode and nearby regions. With a strong membership of over 300 active professionals, EDCEA is committed to enhancing the technical, professional, and social well-being of its members. To foster unity among civil engineers, promote continuous learning, and create a strong support system that empowers every member – both professionally and personally. We conduct monthly meetings where members gather to discuss industry updates, local issues, and association matters, ensuring constant communication and engagement. Technical Seminars & Workshops Special sessions led by industry experts help our members stay updated with the latest trends, innovations, and best practices in civil engineering. Organized visits to ongoing projects and manufacturing units provide hands-on exposure to modern techniques, materials, and technologies. Family Get-Togethers At EDCEA, we believe in bonding beyond the workplace. Our family events bring members and their families together, creating lasting relationships and camaraderie.

Pongal & Festival Celebrations We take pride in our cultural heritage and celebrate traditional festivals like Pongal with enthusiasm and unity. Engineers Day Celebrations Every year, we honour the spirit of engineering by celebrating Engineers Day, paying tribute to the great minds who've shaped our nation's Infrastructure. Insurance for Members Understanding the need for social security, EDCEA has introduced a group insurance scheme, ensuring a layer of protection and support for our members and their families. To become a model civil engineers' association in Tamil Nadu by promoting professional excellence, ethical practice, social responsibility, and fraternity among engineers. "We don't just build structures, we build relationships, opportunities, and a better future for the engineering community."

THEME

CONNECTING THE CONSTRUCTION ECOSYSTEM

"Connecting the Construction Ecosystem" - bringing together all the people, services, and systems involved in the construction industry to work innovatively as one network.

EXPO

Chairman's Message

Dear Exhibitors, Sponsors & Visitor

I (Er. P. Paul Vijayakumar) feel immense pride and pleasure to welcome you all to the 25th year silver jubilee – erode build expo 2026. This milestone marks not just the passage of time, but a remarkable journey of dedication, growth, and excellence in the construction industry. Over the past years, our association has been strengthened by the visionary leadership of our past chairmen, whose guidance and commitment have laid a strong foundation for our progress. I also take this opportunity to appreciate all our association engineers and members, whose continuous efforts, professionalism, and unity have been instrumental in shaping the growth of our organization and the development of our region. As we celebrate this silver jubilee, we proudly present our theme – **“Connecting the Construction Ecosystem”**. This reflects our vision of bringing together architects, engineers, builders, contractors, suppliers, consultants, exhibitors, Sponsors, advertisers, Expo visitors, Government officials, Print & Visual Media and Students onto a common platform for collaboration and innovation. This expo is not just a celebration, but a platform to showcase the latest technologies, exchange knowledge, and build meaningful professional relationships that will define the future of construction. We extend my heartfelt gratitude to all our members, sponsors, partners, and well wishers for their unwavering support throughout this incredible journey. Let us continue to work together, strengthen our network, and build a better tomorrow.

With warm regards,
Er. P. Paul Vijayakumar
